RAP Report

February 22-March 5, 2010

2010 Read Around the Planet People Who Make it Happen

Read Around the Planet would not be successful without support from many organizations.

- ✚ **TWICE**, Michigan's K12 videoconferencing organization, started this project in 2002 and continues to invest volunteer time and funding to make the project sustainable.
- ✚ Corporate sponsorship from **Polycom** allows TWICE to contract with Sue Porter to coordinate RAP.
- ✚ **TWICE Verification Partners** lay the foundation for this project in the fall with verification test calls.
- ✚ School, district, and regional level **coordinators and techs** work hard coordinating, dealing with tech problems, encouraging teachers, and smoothing the way for successful connections.
- ✚ **Teachers** plan creative interesting presentations for their partner classes and weather all the little glitches and quirks that can happen in classroom-to-classroom connections.

A big thank you to EVERYONE who makes this project a success!

Read Around the Planet States and Provinces

■ 2007 ■ 2008 ■ 2009 ■ 2010

Languages: English (1754); Spanish (122); ESL (49); French (27); Special Education (8); Chinese (6); German (2).

Only 26 classes were matched with their same state (because we could not get them a match any other way).

Leftovers: 19 classes we were not able to match due to equipment conflicts, and not enough HS registrations. We also could not match any of the Chinese requests due to time zones.
